

THIS COUNTRY HAS EVERY ASSURANCE OF ABIDING PEACE

Sec. Hughes Makes Statement to Social Workers

(By The Associated Press)

WASHINGTON, May 16.—America has "every assurance of abiding peace" so far as "our relations with other peoples are concerned," Secretary Hughes said tonight in an address before the national conference of social workers.

"The clouds which two years ago darkened the far eastern sky have been dissipated," he said, "and to the disappointment of those who make bitterness the test of patriotism we have been able to associate the great powers of the Pacific in a friendly accord supported by mutual confidence while at the same time we have carefully preserved the sound American tradition of freedom from alliance with the principle of equality and opportunity."

Mr. Hughes said this had been accomplished by achieving "a disarmament of thought" and that the Washington arms conference "had managed to scrap distrust as well as the vessels of war" and to end wasteful competition "which spelled not security but suspicion."

"Today, notwithstanding the gravity of unsettled issues," he continued, "there is throughout the world ample reason for encouragement in the earnest efforts to remove the economic evils following the great war in the establishment of enhanced industrial capacity in the swift repair of damaged areas, in the extraordinary extent of recovery despite all difficulties."

"So great has been the progress that it is not too much to say that the whole aspect of affairs would instantly change if only means could be found to dispel the fear and apprehension which is the barrier to accord and to give a sound basis for the confidence which all desire."

The secretary of state said it was clear that essential conditions of peace "are not to be found in artificial arrangements" but that it is "the disposition of the peoples that count."

"It is idle to talk of restricting war unless the peoples are intent on maintaining peace," he added. "You cannot maintain peace by force, for who will supply, who will control, who will direct the force? Great nations may indeed discipline a weak power provided they are united in policy and provided always that the weak power is not a necessary weight in some contrived balance of power. But when great nations do not agree among themselves who shall guard the guardians?"

"If those who are keenly desirous of enduring peace will desist from the contemplation of realities, it will be seen that there is only one way to the goal—a long and difficult way—that is by the cultivation of the spirit of friendship and good will among peoples thru which alone the sources of dangerous life can be dried up."

Mr. Hughes declared that those who create a public sentiment which makes it difficult for honorable statesmen to find ways of practicable adjustment of international problems were worse offenders than intriguing diplomats.

"Responsible leaders," he continued, "are harried by their opponents, ambitious rivals are ready to take their places, editors and orators are quick to exhort those who seem to make any national sacrifice in the interest of a reasonably adjustment and thus an atmosphere is created which renders futile the agencies of peace however contrived they seem to be."

The secretary of state said that if America was understood abroad it was because of the gratitude of their work done by American relief agencies. It is well to recognize, he added, that there does exist "what has happily been called a popular good will towards this country."

Referring to the republics of South and Central America and Mexico for their development of secure independence and in immunity from foreign control, Mr. Hughes declared that only those suffering from "mental indigestion" failed to realize that the United States "cherished no imperialistic designs."

"But," he added, "I question if the efforts of this government for one hundred years have accomplished as much to promote understanding and good will in Latin-America as the recent well-directed endeavor of American philanthropists in combating disease and thus directly contributing to human welfare."

MANY PROGRESSIVE MOVEMENTS SHOW SOCIALIST ORIGIN

Hooper Says They Are Promoted by Wild-Eyed Radicals

(By The Associated Press)

NEW YORK, May 16.—Many progressive movements of today are only progressive in name and underneath, show plainly their socialist origin, Ben W. Hooper, chairman of the United States Railroad labor board declared here tonight before the National Association of Manufacturers.

"There are a lot of wild-eyed radicals and demagogues in this country who believe they can sell any kind of idea to the people by labeling them 'progressive,'" chairman Hooper said.

Mr. Hooper described socialism as "an insidious cult, standing at the elbow of every man who harbors an individual grudge of class grievance, mostly imaginary and whispering in his ear distrust, suspicion and bitterness against the institutions of his country. It charges every failure and disappointment to the present organization of society."

Recent proposals to require seven members in nine or two thirds vote of the supreme court to declare a law unconstitutional are more conservative but identical in purpose with that proposing to make congress the judge of the constitutionality of its own enactments, Chairman Hooper said.

"Under such a provision," he said, "the legislative branch of brief and uncertain tenure, subject to the wild blasts of sudden and fleeting popular passion, might, by a majority of one, pass a law that undermined the most sacred constitutional safeguards of human liberty, and that majority might be composed of radicals selected by European bolsheviks in New York, Chicago or Milwaukee."

BANDITS' PRISONERS ARE IN BAD SHAPE

(By The Associated Press)

Shanghai, May 17.—Two priests returned from the mountain stronghold of the Suchow train bandits, near Linchen, report that the condition of Chevalier Musso, one of the captives, is exceedingly grave. It was said Dr. Martens was in constant attendance on the Italian.

The American prisoners, Major Finger and Allen and Lee Solomon are suffering as a result of a forced ten mile march over the mountain. The priests described the feet of these captives as being "in a terrible condition."

Roy Anderson, an American in close touch with political affairs in China, has departed for the camp of the brigands to renew negotiations for the release of the prisoners.

The bandits, it is said, blame the Peking government for temporizing in regard to the withdrawal of troops from the vicinity of the outlaws' headquarters. While the Tuchun of Shantung has renewed his promise to withdraw the troops, it is reported from Tientsin that the bandits have announced they will hold their captives two weeks longer.

MOTION PICTURE ACTRESS LOSES SUIT

LOS ANGELES, Cal., May 16.—Helen Chadwick, motion picture actress, who recently sought an injunction against the Goldwyn Producing corporation to prevent it from interfering with her efforts to obtain employment at other studios, lost her suit today.

Judge Arthur Keetch, of the superior court, who had taken the case under advisement after it had been several weeks ago, rendered an opinion upholding the validity of the contract the Goldwyn company contended she had signed with it, but which she declared had been permitted to lapse.

Miss Chadwick asserted she had the right to secure employment elsewhere when her services were not required at the Goldwyn studio.

This was the first case decided by Judge Keetch involving controversy between motion picture actors and their employers.

ONE KILLED; SCORE INJURED IN WRECK

LIMA, O., May 16.—One man was killed and possibly a score of persons were injured at Oakland, Ohio, half way between Coldwater and Port Recovery, when Lake Erie & Western passenger train No. 2 collided head-on with a freight train this afternoon.

The dead man is George J. Bassler, 41, of Lima, engineer on the passenger train.

Misunderstanding of orders led to the collision, it is reported.

A relief train was sent to the scene from Lima and is bringing the passengers to this city.

Railroad officials said they had no definite information regarding the injured.

PRESBYTERIANS TO OPEN ASSEMBLY IN INDIANAPOLIS TODAY

Much Interest Centers in Election of New Moderator

(By The Associated Press)

INDIANAPOLIS, Ind., May 16.—Presbyterians of America tomorrow will open their 135th general assembly with the final sermon of their retiring moderator, the Rev. Calvin C. Hays, and the election of his successor.

Presbyterian leaders from all parts of the country and missionary delegates for 22 missions in foreign countries gathered here on the eve of the annual assembly, are mentioning five men, three of them ministers and two laymen as possible choice for the highest office in the gift of the church, that of moderator.

Dr. Charles F. Wishart, president of Wooster college, Wooster, Ohio, is mentioned as favorite in the pre-convention gossip. The other four are Dr. William H. Foulkes, of New York, general secretary of the New Era movement; Dr. Hugh Kelso Walker, pastor of the First Presbyterian church of Los Angeles; William Jennings Bryan, former secretary of state; and Will H. Hays, former Republican national chairman and now president of the Motion Picture Producers and Distributors of America.

Both Mr. Bryan and Mr. Hays are elders of the church and delegates to the assembly, the one from the southeast Florida and the other from the Indiana synod.

Mr. Hays, who will deliver the address, the "popular meeting" of the assembly tomorrow night has come into prominence because he will announce then his leadership in a movement to raise \$15,000,000 to add to the endowment fund of the board of ministerial relief and sustentation.

Mr. Bryan declined today to discuss whether he would be a candidate for moderator, and Dr. Foulkes, though prominently mentioned, said he was not in the field.

STRIKE SNAG IN REGULATIONS

(By The Associated Press)

WASHINGTON, May 16.—Possibility of President Harding being requested to seek an understanding with nations which compel their ships to carry liquor as crew rations loomed tonight in reports that officials had struck a snag in drafting regulations to carry out the supreme court decision banning liquor within American territorial waters.

At the same time there were hints that the date now fixed as June 10 for the new regulations to become effective might be postponed unless some way is found to "write around" the rigidity of the court's ruling. It was evident that those preparing the new rules had not given up hope but optimism as to success was lacking as a result of another conference today on the question.

COMES TO WED CABARET DANCER

(By The Associated Press)

NEW YORK, May 16.—David Earl of Northek, who won a promise of marriage from Jessica Brown, cabaret dancer because she thought him "a regular fellow" arrived today at the Olympic, hoping for an early wedding to the "grandest girl in the world."

Jessica, who ended a dancing engagement in London in March and returned to her home in Buffalo to plan a gorgeous wedding at the foot of the gang plank all-a-flutter when the Olympic docked 36 hours later.

Northek, member of an old Scottish noble family, is one of London's star soccer players and until recently a Coldstream Guardsman. He resigned his commission for Miss Brown. When Northek came down the gang plank Miss Brown jumped into his arms. Northek probably will stay in New York a day or two before going to Buffalo.

NATIONAL ESSAY FOR SCHOOL CHILDREN

Indianapolis, Ind., May 16.—A national essay contest for school children between the ages of 12 and 18 years will be conducted between May 25 and October 12 by the American Legion, Garland W. Powell, legion national Americanism director announced today.

MAY HAVE TREATY WITH TURKEY

Lausanne, May 16.—Preliminary steps were taken today by representatives of the United States and Turkey for the negotiation of a treaty of amity of commerce between these two countries.

Such a treaty presumably would provide for American recognition of the Angora government.

Only Known Victim of Hot Springs Flood Dies

(By The Associated Press)

HOT SPRINGS, Ark., May 16.—The Hot Springs flood claimed its only known victim tonight with the death of Mrs. Bertha Christensen, wife of S. C. Christensen, a chef at the Army and Navy hospital. Mrs. Christensen had suffered a fractured skull in addition to injuries sustained when she was carried more than three blocks by the surging waters along Central avenue last Monday night.

Her experience and rescue were among the most spectacular incidents of the flood. Carried a short distance in a motor car, a rope was thrown to her but the pressure of the water broke her grip. When she attempted to plunge from the car to safety three blocks down the street rescuers saw her lodged against another car. Men waded out into the torrent and attempted to drag her to safety but were forced to cut off her hair, entangled in the debris. She died shortly before six o'clock tonight.

Hot Springs had made marked recovery tonight from the destructive effects of flood and fire which swept this little resort city Monday, turning its chief thoroughfare into an irresistible swirling torrent and leaving one of the principal business blocks little more than a ruin of crumbled and charred timbers.

Twenty-four hours of organized rehabilitation work with crews of workmen removing debris from the wrecked area gave Central avenue, the city's main street some semblance of its former order although smashed store fronts and gaping cavities in walls remained.

Mingled with the workmen and sanitary squads today were throngs of sightseers who trooped about the city to observe the effects of the flood and conflagration. Forgetting the terror of Monday night when they fled thru swirling waters while the pitch darkness was scarcely illuminated by flames from the burning buildings, they laughed and chatted as they recounted their miraculous escapes to the hills.

Partial train service was restored although portions of the track within the city was still impassable. Many small bridges along the streets were likewise missing today and public mail boxes were almost entirely lacking.

Bath houses, daily resort of hundreds of visitors were again in operation and public utilities, water logged by the flood, had returned to normal service.

The walls of the Marquette Hotel, last and largest building destroyed by the fire which first broke out in the Grand Rapids Furniture Company, were razed today to prevent repetition of the injury which occurred when the walls of the Arlington Hotel fell after its destruction by fire several weeks ago.

Local newspapers today carried advertisement of flood insurance of which very little was in effect here Monday.

Estimates of property losses still are in excess of a million dollars and will not be accurately recorded for many days yet. The fire loss was almost entirely covered by insurance.

COMMITTEE IN HERRIN PROBE HAS NO QUORUM

Postpone Calling Governor Small Until Today

(By The Associated Press)

SPRINGFIELD, Ill., May 16.—After waiting an hour and twenty minutes for a quorum, Chairman Frank McCarthy of the house committee investigating the Herring rioting of last June postponed the calling of Governor Small until one o'clock tomorrow.

Representative Igoe and Pierce were the two members who did not appear and although the other four were present at one time or another during the wait, the chairman did not want to proceed without Mr. Igoe, who is the leading Democratic member.

It is hoped by the committee men that Frank Leonard sergeant of arms, who went to Herring yesterday to serve subpoenas on three policemen who were on duty during the rioting will return with them in time for tomorrow's session. The subpoenas first were sent to Sheriff Galligan at Marion Thursday night, but Chairman McCarthy expressed opinion that the sheriff is not co-operating with the legislative investigators.

MAY AGAIN HAVE GOOD 5 CENT CIGAR

(By The Associated Press)

WASHINGTON, May 16.—Hops was held out to the American smoker today at the National Tobacco Men's convention here that he again may enjoy a good five cent cigar.

Advocating a reduction in tobacco, Henry G. Wenner of Lima, Ohio, said an effort will be made to ask the next congress to decrease the tax.

Tobacco taxes today Mr. Wenner declared, are as high as at any time during the war. Despite this and the fact that cigar manufacturers are obliged to pay more for leaf than before the war, and wages have more than doubled, retail prices, he added, are at least 20 per cent below the war peak.

New York, May 16.—Suits for \$866,611 against the New York coffee and sugar exchange filed by the Illinois commerce commission formal application for authority to issue \$50,000,000 of its five per cent first and refunding mortgage bonds to meet its obligations due under its existing first mortgage maturing December 12 to reduce its floating indebtedness and to secure additional capital for addition to its property. The application did not state the price at which the bonds were to be sold. The commission took the petition under advisement.

Springfield, Ill., May 16.—A "clean-up" of Sangamon county, promised by Sheriff Ora Lemon, recently elected, was started today with the serving of injunction writs against 15 proprietors of drink parlors and property owners in Sangamon county outside of Springfield. The injunctions forbid them selling liquor of any kind.

Sheriff Lemon announced this was the start of a campaign to stop bootlegging in Sangamon county.

ILLINOIS BELL CO. ASKS BOND ISSUE

(By The Associated Press)

CHICAGO, May 16.—The Illinois Bell Telephone company today filed with the Illinois commerce commission formal application for authority to issue \$50,000,000 of its five per cent first and refunding mortgage bonds to meet its obligations due under its existing first mortgage maturing December 12 to reduce its floating indebtedness and to secure additional capital for addition to its property. The application did not state the price at which the bonds were to be sold. The commission took the petition under advisement.

MINCE EPICS WILL NOT HAVE OLD TIME FLAVOR

Chicago, May 16.—Mince pies will not retain their ancient flavor of brandy, according to a decision of the United States circuit court of appeals, returned today declaring that the Victoria Distilling company of Louisville, Ky., could not move forty-five barrels of brandy which it has in storage in Chicago. The company said that the brandy was to be used in mince pies.

The same pie about a year ago in the lower courts which decided the liquor could not be moved—mince pies or no. The appellate court upheld this decision.

ARE RELEASED ON \$5,000 BOND

Nyack, N. Y., May 16.—Evan Burrows-Fontaine, dancer and her mother, Mrs. Florence A. Fontaine, were released in bail of \$5,000 each tonight after their second indictment, on a charge of perjury in connection with the dancer's breach of promise suit against Cornelius Vanderbilt Whitney.

REWARD OF \$10,000 OFFERED IN MOUNT BY NORTHWESTERN

Offer Made in Letter Sent to State's Attorney Crowe

(By The Associated Press)

CHICAGO, May 16.—While the state hunted for new leads, Northwestern offered a reward of \$10,000 for information leading to the solution of the mystery surrounding the disappearance following a class fight twenty months ago of Leighton Mount, freshman student.

The reward was offered in a letter to Robert E. Crowe, state's attorney, from Walter Dill Scott, president of Northwestern, and was phrased to include the three possible theories of Mount's death offered by authorities—that Mount met death in a class fight, that he committed suicide or that he disappeared voluntarily.

The university will pay the reward for information leading to the indictment and conviction of any one found guilty, or the indictment and conviction of any one for the murder of Mount or for the indictment and conviction of anyone for manslaughter in connection with his death, for information leading to a verdict of suicide in the inquest over a skeleton found under an Evanston pier and identified as Mount's, or for the discovery and return to Evanston of Leighton Mount alive.

Crowe Expresses Satisfaction

The offer was made for information not already in the hands of the authorities and was accepted by Mr. Crowe, who also expressed to President Scott his satisfaction with the willingness of students to answer questions. While President Scott and state's attorney were conferring, Northwestern students at Evanston in a mass meeting adopted resolutions expressing their confidence in the university's proceedings and criticisms of the attacks they said were being made on the university.

The grand jury that has been making an investigation of the case questioned no witnesses in connection with it today and the state's attorney's office spent most of the time trying to check up on information already in their hands. President Walter Dill Scott tonight held a conference with Chicago newspaper reporters during which he asked for more co-operation from the press of Chicago in the investigation.

George Merrick, attorney for the university, termed the treatment of the case by the Chicago press a "damnable outrage."

When reporters asked him what was to be done, he advised them to "tell the truth, not rumors, theories and innuendoes."

Dr. Scott in a statement at the meeting with the reporters said that there had been no criticism by the university concerning the actions of the coroner or state's attorney and that these officials had offered no criticism of the university.

CHICAGO WOMAN IN CRITICISM OF ILLINOIS UNIVERSITY

Surveillance of Students and Faculty is Alleged

(By The Associated Press)

CHICAGO, May 16.—In a letter to the board of trustees of the University of Illinois made public here today Mrs. Allene Gregory Allen, who recently withdrew from the University press her biography of her father, John Milton Gregory, first president of the university, complained of what she termed "surveillance" of students and faculty members by Thomas Arkle Clark, dean of men. President David L. Kinley she declared "has not failed to stop this misuse of the dean's office, but has permitted himself to be drawn into complicity with it."

The letter, signed by Mrs. Allen and Edmund T. Allen her husband, followed a recent letter addressed to alumni friends of the university by Mrs. Allen in which she said she was withdrawing her book which she had been requested to write for the university, because of practices to which she objected and which she promised to make public.

She charged that the dean of men received "a body of unsubstantiated opinion, gossip and rumor which he acted on without investigation" often wrongly dishonoring a private individual. Mrs. Allen offered no specific case of the practices which she alleged and made only a general criticism.

GOVERNMENT FILED APPEAL YESTERDAY

(By The Associated Press)

WASHINGTON, D. C., May 16.—The government filed its appeal from the decision of the federal district court in New York, denying its application for an injunction to restrain dealings in sugar futures upon the New York coffee and sugar exchange.

When the supreme court meets Monday it will be asked by the government to advance its appeal in the case for an early hearing. In view of adjournment of the court for the summer on June 11 and its announced decision not to hear more cases before that date, it is improbable that argument will be presented before the fall term.

G. O. P. CANDIDATES TO HAVE HARD FIGHT

(By The Associated Press)

NEW YORK, May 16.—Republican senatorial candidates will have "a hard fight" in 1924 in eight states, including Illinois, now represented by Republican Moses of New Hampshire, chairman of the Republican senatorial campaign as expressed today after a preliminary survey of present political tendencies.

Besides, the senator added, the Democrats are certain to retain at least ten of the fourteen Democratic senate memberships for which elections will be held next year, so on the whole, the Republican committee is "not at all comfortable over the outlooks."

ALLEGED STOLEN CARS RECOVERED

(By The Associated Press)

CHICAGO, May 16.—Several automobiles alleged to have been stolen by August Gottschlich of Davenport, Iowa and Miss Blanche Holland of Moline, Ill., have been found according to two detectives who returned today from an investigation in Rockford, Ill. The two were arrested in Chicago last week on suspicion when their anxiety to dispose of an automobile was noticed. The officers also learned the whereabouts of several other automobiles and are continuing their investigation.

GIVE BOND FOR THEIR APPEARANCE

Los Angeles, Calif., May 16.—Upton Sinclair, author and socialist; Hunter S. Kimbrough, his brother-in-law; Prince Hopkins and Hugh Hardman, arrested yesterday at San Pedro following their attempt to make open air addresses at "Liberty hill," were arraigned in police court here today on a complaint charging a conspiracy to commit a breach of the peace and obstruct traffic. They entered pleas of not guilty and were released on \$500 bail bonds. Their trial was set for June 15.

Sinclair declared today his arrest resulted from his activities as a member of the American civil liberties union of New York.

ART EXPERT SUES FOR BIG DAMAGE

New York, May 16.—George Joseph Demott, art expert of New York and Paris, today sued Sir Joseph Duven head of the Duven art galleries for \$500,000, alleging Sir Joseph had damaged him by characterizing as spurious an eleventh century Champeve enamel figure of Virgin and Child which he sold Michael Dreicer of this city in 1921 for \$50,000.

SENATE PASSED BONUS MEASURE FOR \$55,000,000

Bill Will Now Go to Governor Small for His Signature

(By The Associated Press)

SPRINGFIELD, Ill., May 16.—Passage by the state senate tonight of the \$55,000,000 appropriation to apply on bonus claims marked the finish of legislative action on the bill which now goes to the governor. He probably will sign it this week. The senate vote was 41 to 0.

The house bill providing that on petition of 1,000 legal voters, the electors of a city may vote on repeal of the election commission act, also passed the senate tonight, 37 to 0. As amended it requires only a majority of those voting on the proposition. It now goes back to the house for concurrence in this amendment.

Appropriation of \$2,334,256 for the state's normal schools also was approved by the senate and this bill goes to the governor. So does the Smejkal bill diverting moneys received at state teachers' colleges to the normal school revolving fund, moneys received by the state for care of veterans in the federal veterans' bureau, and moneys for the division of public highways into the road fund. It was passed by the senate tonight.

Bills passed by the upper house which go to the executive office are: House bill increasing number of Cook county superior court judges from 29 to 30.

House bill increasing salaries of Chicago Municipal court attaches.

House bill increasing county clerk fees (counties of the third class) for marriage licenses from \$1.50 to \$3.00.

House bill appropriating \$57,313.64 to the national guard (previously passed).

Senators Argue

Passage of these bills came after the senators had argued during all of the morning session on the McMeets \$100,000,000 road bond bill. The subject of debate was Senator Dunlap's amendment limiting road construction to 700 miles a year. After the point had been read that it would make sale of bonds unconstitutional because it did not provide for interest payment Senator Dunlap offered a substitute, "a pay as we go" proposal which provided that bonds be issued after receipts from motor licenses are exhausted and the 700 miles are finished. This met the unconstitutionality objections of some senators but as it still limited road construction to 700 miles annually it went into the discard, 31 to 13.

During debate Senator Glenn, Republican, Murphysboro, obtained the admission from Senator Gilbreath, Democrat, Alton, that a conference with Governor Small yesterday the executive head insisted that the Dunlap amendment be killed regardless of its form.

The gateway resolution was before action in the house this afternoon. Representative Castle, Republican, Barrington, its sponsor, said it was too important to be considered by a tired house and went over until tomorrow morning.

Representative Hargrave's anti-branch banking bill was advanced in the house to third reading after representative Browne, Democrat, Ottawa, had failed in an attempt to strike out the enacting clause.

Speaker Shanahan today appointed these house members to investigate the payroll investigation committed last week: Hart, chairman; Scholes, Swanson and Weiss, Republicans; Devine, Peter Smith and Plack, Democrats.

BERLIN BANK MAKES DEMAND FOR ITS FUNDS

Havana, Cuba, May 16.—The Deutschbank of Berlin had made a demand upon the administrators of H. Uppman and company, Havana bankers, for a sum in excess of two million dollars, alleging that at the time of the Uppman failure the German bank had cash and securities to that amount on deposit, which it was not liable to be seized by creditors.

A THOUGHT.

If thy brother trespass against thee, rebuke him; and if he repent, forgive him. And if he trespass against thee seven times in a day, and seven times in a day turn to thee, saying, I repent; thou shalt forgive him.—Luke: 17:3-4.

NEVER does the human soul appear so strong as when it fears revenge, and dares to forgive an injury.—E. H. Chapin.

GOOD ADVICE TO GERMAN

The British government asks Germany to make a new and more acceptable offer than the one which France and Belgium, without consulting their allies, turned down so bluntly. Italy, which like Great Britain has heavy claims on Germany, is expected to agree. It is good advice.

The German offer of 20,000,000 gold marks was unsatisfactory because it was small, because the terms were vague and because it offered no guarantees for execution. French refusal was a foregone conclusion, the France might at least have done her two biggest war partners the courtesy of inviting their participation in turning down the German offer.

Adequate reparation from Germany—that is to say, reparation actually making up the huge losses inflicted by Germany on her neighbors by an unprovoked war—is of course out of the question. Even France cannot expect that. But if Germany has any intention or desire to make any full reparation as she is capable of, she will do well to show it by making an offer large enough and specific enough to demand serious consideration. Otherwise the French will

RAILROAD MEN

SUFFER INJURY

Conductor A. M. Caldwell and brakeman R. R. Edwards, Burlington Employees, Injured When Air Hose Breaks—Caldwell at Passavant Hospital

Conductor A. M. Caldwell received a painful injury to his left shoulder and other bruises, and brakeman R. R. Edwards was badly bruised about the legs as the result of a broken air hose of Burlington extra freight No. 6103 south bound about 5:30 o'clock Wednesday evening.

The men were riding in the caboose of the train as it was leaving the city. Just after the caboose passed the Alton crossing at College avenue the air hose broke causing the caboose to come to sudden stop, throwing it from the rails. Both men were thrown violently to the floor of the car.

Dr. David W. Reid was called and the men were removed to Passavant hospital for treatment. Caldwell was more seriously injured than Edwards. It is feared he has a fracture of the left shoulder and an X-ray will be taken today to ascertain the extent of his injuries. The derauling of the caboose blocked traffic and the wrecker was sent from Beardstown and had the right of way clear in a few hours.

FUNERAL WAS HELD AT WINCHESTER

Remains of Late Jesse Wilson Laid to Rest Wednesday Afternoon—Other Winchester News

Winchester, May 16.—The funeral of the late Jesse Wilson was held at 2 o'clock Wednesday afternoon at the Winchester Christian church. The services were postponed from Tuesday afternoon on account of the delay in the arrival of one of the sons of the deceased.

The services were in charge of Rev. Mr. Elmore and were of a very impressive character. The choir sang as an opening number "Nearer My God to Thee." After the scripture lesson and prayer the choir sang "Jesus Lover of My Soul." The closing number was "Abide With Me."

Burial was made in Winchester cemetery, the following serving as pall bearers: Fred and Keith Peak, Herbert McLaughlin, Alue Priest, Merwin Killebrew, Clayton Kluman.

The floral tributes were in charge of Misses Marie Priest, Eva Killebrew, Irma Killebrew and Maudine Killebrew. The deceased is survived by his widow and one daughter, M. Lela Burns. There are also four sons, Robert Wilson of Missouri, Aurora of Jacksonville, Lee of Minnesota and Charles living at home; one brother, Daniel Wilson, and one sister residing in Nebo.

The funeral of the late Charles G. Jones, who passed away Tuesday night at his home south of Springfield, will be held at 2 o'clock Thursday morning in the field. COMMENCEMENT WEEK

TO FEATURE ALUMNAE

Summary of Entire Program is Given—Many Reunions to be Held During Festivities—Number of Visitors Expected.

Commencement at the Illinois Woman's College this year will be of special interest to alumnae and former students. The program has been arranged with reference to this plan. There will be a number of reunions of classes, and it is intended to make the week one of general reunion of graduates and former students. The following write-up in the Alumnae News gives a summary of the commencement program for the entire week of festivities.

Great plans are being made for commencement this year. This year is especially for us, alumnae and former students, so let's make this a bang from start to finish.

Starting with Saturday, June 2, in the afternoon at four o'clock is the Phi Nu reunion, followed by the banquet at six; this is their seventeenth anniversary, so of course there will be loads of girls back for it. At eight-thirty the Dramatic Club will present "The Charm School." Sunday morning—Baccalaureate at Grace M. E. church, with Bishop Nicholson delivering the address. Sunday afternoon—Y. W. C. A., in charge of the alumnae, and that night a big mass meeting of all the churches for a big educational time.

Monday morning—Class reunions followed by class luncheons. We would advise the different classes to begin now to make reservations in town for their luncheons. Also o'clock morning the annual meeting of the trustees will be held. Monday afternoon the Seniors will have their Class Day exercises. In the evening the orchestra will give their annual concert.

June Fifth—Our Day, commencement in the morning with Glenn Frank as the main speaker. Glenn Frank, as you know, is editor of the Century, and he will no doubt give us a wonderful inspiring address. This will be followed by the reception and luncheon for the Seniors. Tuesday afternoon the alumnae and former students will have a garden party which time class stunts will be featured. At six o'clock at the College, the Alumnae banquet will be served; this is to be the biggest and most important banquet we have ever had; there will be reports, speeches and songs, and we feel sure gaiety will reign throughout the evening. Come and have a good time with us. Remember, the big feature is the Candle Lighting. You alumnae and former students who cannot be with us here—be sure to light your candles and help I. W. C. shine all over the world.

GRAND JURY WORK FOR TERM ENDED

Indictment for Murder Returned Against H. E. Barrett—Report on Jail Made

The grand jury was discharged yesterday after making a report to the court. An indictment for murder was returned against Herman E. Barrett, who shot and killed Mrs. Margaret Pemberton several months since.

The committee stated that they found the jail in as good condition as could be reasonably expected with the present building. The committee recommended that the bath and toilet room on the second floor be put in sanitary condition and the window repaired. It further recommended that proper sewerage arrangements be made for the basement. It was stated that 23 prisoners were in the jail and seemed to be well provided for.

ANNOUNCE SYNOPSIS OF OPERETTA TONIGHT

The students of David Prince junior high school will present this evening in the high school auditorium, the operetta "The Witch of Fairy Dell." The curtain will raise at eight o'clock.

A synopsis of the operetta follows: The Countess has just returned from abroad and has never ceased to mourn for her daughter who was lost at sea when an infant. On the following day there is to be a fair. The Countess is to attend, for, if she finds a girl about the age her daughter would have been, she will adopt her.

All of the young girls who know this are planning what they will do when they have been chosen by the Countess.

The girls, having had their fortunes told, relate their fate to each other, except one, Marguerite, who stands alone.

At night the fairies sing her to sleep and tell her to dream of a happy tomorrow.

All is in readiness at the fair. The Countess receives a warm welcome, and while talking to the young girls she spies Marguerite. She draws her aside and is shown the medallion which is the only remembrance of Marguerite's former life. On it is the Countess' coat-of-arms and monogram. Upon opening it she finds that this little child is her own daughter.

ADDITIONAL NAMES

PROPOSED FOR HOTEL. Additional names were suggested yesterday for the Jacksonville new hotel. A Journal reader unnamed sends in the suggestion that the hotel be called "The Athens."

Another suggestion is that made by Miss Evelyn, who thinks the hostelry should be called Hotel Mary Blake. This suggestion is made with the idea that the name would be fitting because France and America united so in the world war.

Amos Swain of Sinclair suggests "Jacksonville Inn," as a desirable name for the new hotel.

Miss Meta Darley of Franklin was a Jacksonville visitor yesterday.

TWO I. W. C. ALUMNAE

IN PIONEER REGIONS

One Engaged in Relief Work in Drought Area of Montana; the Other in Settlement Work on Mexican Border

Two graduates of Illinois Woman's college, Miss Helen Uhl and Miss Marguerite Bullard, are doing practical work in the far away and pioneer regions of the United States. A short account of the work of each of them is published in the Alumnae News of recent issue. To quote:

Miss Helen Uhl, ex-'18, is doing pioneer rural social service work in the drought area of Montana; she is the executive secretary of the Phillips County Chapter of the American Red Cross, with headquarters at Malta, Montana. Her county is larger than Connecticut and she travels by stage, horseback, and Ford. They have had five years of continual drought in this area and Miss Uhl's work has to do with civilian relief work, the care of dependent, delinquent and crippled children, post-war service to ex-service men, and the establishment of a constructive social service program in that area of dry land farming country. Miss Uhl writes very interestingly of her work; she says she has many things for which she is most grateful, and adds, "The splendid ideals of womanhood, and high standards of leadership, and wholesome companionships I had to influence my life while at I. W. C. are some of the things for which I am most thankful."

Miss Marguerite Bullard, '09, has since last September, been associated with the Rose Gregory Houchen settlement, in the south part of El Paso, only a few blocks from the Mexican border. Miss Bullard assists with the work among the children and in addition to the Kindergarten, they conduct a kitchen garden or home-makers' class, domestic science and industrial art classes, Mothers' clubs, Sunday school, Epworth and Junior Leagues. A clinic is also a part of the Settlement program; this clinic is in charge of two efficient nurses and a number of the El Paso doctors give their services different afternoons of the week. Miss Bullard says it is not uncommon to find eight or ten people living in a two-room adobe house, and poverty and sickness are found on every hand. However, she finds the work most interesting, and the little Mexican children very eager to learn and very responsive to kind treatment.

Telephone Talk No. 17

"Do not hang up the receiver when you get the wrong number!"

These are some of the causes for WRONG NUMBERS, the blame for which rests partly on the Telephone User and partly on the Telephone Company: A subscriber may speak indistinctly; He may trust his memory when calling a number; The private exchange operator, who has other duties to perform while watching the switchboard, may be at fault; The figures in the number may be unconsciously transposed by the subscriber; Not infrequently the subscriber in his haste does not pay proper attention to the exchange prefix, and a wrong number results. When you get the wrong number: DO NOT HANG UP THE RECEIVER; Move the hook up and down SLOWLY; When the operator answers, tells her she has given you the wrong number and again give her the number wanted and she will try to complete the connection. By getting the operator and explaining the mistake, you protect yourself from an overcharge, as she will not register a message on the meter on the switchboard until your connection has been correctly established.

DEDICATION OF MARKERS JULY 4

Revolutionary Markers to be Dedicated With Impressive Ceremonies—Chief Justice Thompson will be Speaker.

White Hall, May 16.—The dedication of the government revolutionary markers at White Hall on July 4th, will be attended by a demonstration and observance that will receive the very best efforts of those handling the event as a Green county affair, according to the outcome of the meeting held in the city hall Tuesday night, called for the purpose of organizing the work. It was naturally understood that the interest in the annual Memorial sermon on Sunday, May 27, in the Presbyterian church, and Decoration Day, on Wednesday, May 30, will be indexes of what may be anticipated on the Fourth of July. The spirit of '76 is returning with tremendous force, and it is felt that we should be the vanguard in this retaining the spirit of patriotism and Americanism. Judge Thomas Henshaw will be the speaker on Decoration Day, and Rev. L. E. Ellison will deliver the memorial sermon.

The presence of Chief Justice Floyd E. Thompson on July 4th assures widespread interest, his subject being "The Architects and Builders of Our Nation." The American Legion boys will embrace the opportunity to do homage to the chief justice, a fellow native of Green county, and by that date they will be ready to celebrate the reception of the bonus checks. Assurance is also given that Hon. J. M. Riggs of Winchester, will speak at a banquet on the evening of July 3 in honor of Chief Justice Thompson, at which will be present the bar of Green county and adjoining counties, as well as the general public.

Parade to be Feature. There will be a parade to the chautauqua grounds at 10 a. m. on July 4th, where the exercises will be held, and there will be a big barbecue dinner by the American Legion, all under the general direction of Capt. Dean Coran, marshal of the day. W. F. Houchin is first to promise an industrial feature of the parade by stating that the overall factory will be fittingly represented. Mr. Houchin was at the organization meeting, and he happened to be the first to be enabled to speak from among the industrial captains of the city. George Spangenberg has charge of the grounds and platform, and Rev. L. E. Ellison will direct the arrangement of the program. Mayor H. W. Roodhouse will extend an invitation officially to neighboring cities. The general scheme of decoration is regarded as of such importance that it was placed under the supervision of G. C. Fanning.

H. E. Lyons, an active legionnaire, stated before leaving today for Louisville, Ky., that he hopes the boys will turn out in full numbers in uniform. He says that no less than eighty should be out for Decoration Day. The lead of Roodhouse in providing for the reading of the posthumous letter of Lieut. A. C. Edwards to his mother, is regarded as a happy idea. Mrs. H. W. Hamilton, of Greenfield, furnishes the record for the tenth grave of a revolutionary veteran to be marked in Green county, and it will be included in the dedicatory ceremonies. It is located at Greenfield. The recommendation of Grand Marshal Coran that a free barbecue

be provided is meeting with so much favor that its adoption seems out of question. This move would mean an attendance that would eclipse the reunion of 1877, the attendance at which has never since been equaled by any gathering in Green county, and when the soldiers' monument movement was given birth, resulting in the dedication in 1912 of the great memorial at the entrance to the White Hall cemetery.

The Distinguished Service Medal has recently been awarded to Miss Adele S. Poston, of New York, formerly superintendent of nurses of Bloomingdale Hospital, White Plains, New York. Miss Poston organized the first unit of psychiatric nurses sent to France to assist in the treatment of mental and nervous conditions among American troops and served as Chief Nurse of Base Hospital 117, the first hospital for war neuroses established in the A. E. P. In this position Miss Poston aided greatly in the treatment and cure of thousands of soldiers suffering from "shell-shock," as the condition was then known, and contributed directly to the conservation of man power at the front during one of the most trying periods of the war. Under the most difficult conditions Miss Poston built up and maintained an organization of nursing personnel, which became noted for its success in the pioneer work of dealing with the mental and nervous casualties of war on the field of battle, and did much to win for the specialty of mental nursing a place in the nursing profession equal to that accorded by medical and surgical nursing. (Mental Hygiene Bulletin.)

Dr. Frank P. Norbury in commenting upon the honor given to Miss Poston, said: Miss Poston is a graduate of the Passavant hospital training school for nurses in this city and her first experience in mental nursing was in the Norbury Sanatorium. Later by civil service examination she was appointed chief nurse of the Jacksonville State hospital, and later she was transferred to the Kankakee State hospital, during the time when Dr. Norbury was superintendent of that institution. She resigned her position in 1903 to become chief nurse of the Bloomingdale hospital, White Plains, New York, which position she held until recently. While at White Plains Miss Poston organized what is regarded as one of the foremost training schools for mental nursing in this country. Her war experience and the recognition of the distinguished service she received is a just appreciation of her abilities in organization and efficiency.

Dr. Norbury was acting director of the National Committee for Mental Hygiene during the war and this committee organized and financed Base Hospital Unit No. 117. This committee also financed and organized the first four groups of examiners for mental tests used by the army and which later was adopted as a war measure in determining fitness for service.

ROUTT ALUMNI HELD REUNION LAST NIGHT

Interesting Program of Toasts Followed Serving Supper at Liberty Hall to Alumni Students, and Visiting Clergy.

At least two hundred and fifty persons attended the gathering of Routt college alumni, present students and visiting clergy last night at Liberty hall. Supper was served at 5:30 o'clock and was followed by a program of toasts and music.

The hall was prettily decorated for the occasion, blue and white being the chief colors used. Roses and carnations were used in profusion in the table decorations and the serving was faultlessly done.

Miss Bess Sweeney of Chicago, an alumni of Routt college, served as toastmistress and filled this difficult role in a very capable way.

The first number on the program was a song by the company. Then John Dempsey of Chicago, of the class of '19 was introduced. Mr. Dempsey is a graduate of a law school in Chicago and is now making good in his chosen profession. He said that he had come from Chicago to pay homage to his good friend, Dean Formaz, and that he would have come many more miles to attend such a festive occasion and to clasp hands with his former classmates.

Mr. Dempsey said he did not represent any particular class or group but spoke as an old alumni and laid special emphasis upon the success which has attended Father Formaz' work in the parish. This success, the speaker said was due to the unselfishness and steadfastness of Father Formaz. A glowing tribute was paid to the versatility of Father Formaz, his brilliance as a student of languages and his zeal in the work to which his life is devoted.

The speaker said that students now are doing things undreamed of in his student days, referring to the publishing of the college paper, and to the accomplishments of the basketball, football and baseball teams. He urged the members of these teams to keep up the school spirit and declared that if the students who graduate from Routt would keep the fires burning as they go along far and near as in a class by itself. He declared that the students should feel their responsibility in all their undertakings and should strive to live up to their full duty.

There was another song by the company and then Miss Lucille Kennedy was introduced as a representative of the present student body. Miss Kennedy referred to the high regard in which Father Formaz is held by the students and said that he was a friend to whom all went for advice and none ever came away empty-handed.

Body and Soul of Routt. The speaker said that when Father Crowe was living the students of those days looked upon him as the body of Routt college and upon Father Formaz as the soul of the college, but that the students of the present day find in Father Formaz both body and soul, since Father Crowe has passed away.

Miss Kennedy said it was a great honor to be called an alumnus of Routt college, the alma mater of many a successful man and woman in the business and professional world of today.

Miss Sweeney, the toastmistress, referred to the fact that it was largely due to the fidelity and loyalty of the alumni and present student body of Routt college that the present jubilee celebration was possible. She said that the crusaders marching up and down State street Tuesday bore living testimony to the great work of Father Formaz in the parish. She referred to him as a real teacher, a real friend and a real pastor.

Father Formaz made a few glowing remarks, referring in a facetious way to the fact that when he came here twenty-three years ago he did not even unpack his books, as he thought he would be here only a short time. He said he had not unpacked them at the end of the second year, but that at the end of the third year he books were unpacked and still remain in that condition. He said it was due to the unfeeling loyalty and faith of the people of his parish that he is still here. He declared it was an inspiration to him to know that the people of his church recognize the things that he has sought to do and have given him their earnest co-operation throughout all the years.

Remember the College. Father Formaz urged Routt students and alumni to remember the college at all times and to fully appreciate all the advantages the institution had furnished for them. He urged them to make the name of Routt college known and felt everywhere. He declared that the graduates of the institution have received from their alma mater all that is possible to receive from an institution of learning.

Father Formaz said that the students and alumni know the objects and ambitions of the college and declared that with these things ever in their minds the college could never go down in disgrace.

Members of the Elite Six orchestra furnished a delightful program of music throughout the evening.

The following committees served for last night's affair: Transportation Committee—William Sauer, Robert Walsh and Raymond Hansen. Luncheon Committee—Nell Boylan, Rosa Walsh, Teresa Lanigan.

My Facial Youth

One reason why my beauty lasts

By Edna Wallace Hopper

I am no longer young. Some of you remember me as a stage star over 30 years ago. Yet you see me still playing youthful parts, and I look like a girl of 19.

Many girls one-third my age envy my youthful bloom. Countless women marvel at my smooth, soft, rosy skin. And thousands have asked me to tell them the methods I employ.

I am doing that now as a duty to my sex. I have seen these methods bring to scores of my friends the results they brought to me. So I am convinced that millions of women can, in these ways, multiply their beauty and retain their youth.

My Famous Cleanser. I have a liquid cleanser which does much for me. I call it my Facial Youth. Lucie Lantelme, the famous Parisian beauty, gave me the formula many years ago. Now the world's greatest experts in beauty are advising this formula, but they price it too high for most women.

My Facial Youth contains no animal, no vegetable matter. So it cannot grow hair on the face. It cannot assimilate in any way with the skin. It simply penetrates to clean the skin to its depths. When I wipe it off, all the oil, grime and dead skin come out with it. The skin is clean.

I apply Facial Youth twice daily, and whenever else the skin needs cleaning. And every use brings out new beauty and bloom.

No Cream Does This. Perhaps you use a cleansing cream. So once I did. But you will be surprised at the extra grime my Facial Youth removes. I anoint my whole body with Facial Youth before I take a bath, and it keeps me doubly clean. You will marvel at the dirt which water fails to reach.

But Facial Youth does more than cleanse. It softens and whitens, smooths and firms. There is lemon in it. It combats lines and wrinkles. You will always clean your skin in this way when once you see what it does.

Edna Wallace Hopper's Facial Youth is supplied by all druggists, all dealers in toilet goods. Price, 75c per bottle. Also my Youth Cream—my fruity cold cream—which should always follow. Also my White Youth Clay. Also my Hair Youth, to which I owe my thick, lustrous, silky hair. My Beauty Book comes with each.

Try my Facial Youth and let it show you what a clean skin means. Then I believe you will also wish the other three helps I employ.

Important mothers do not ignore the warning signs of pregnancy. "Mother's Friend" is the best help in the world for an expectant mother. I am the mother of three children and have found "Mother's Friend" invaluable.

"Mother's Friend" is externally applied about the abdomen, back and hips. It penetrates wonderfully, and in this way allows the muscles and ligaments to relax easily and resist themselves to the changes during pregnancy and at childbirth.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., 114-45, Atlanta, Ga., for free booklet containing valuable information every expectant mother should have.

Mrs. Starr Tells of Her Experience With Tanlac

MRS. L. E. STARR

Mrs. Lillie E. Starr, residing near Lenexa, Kansas, is another of the thousands who have learned the value of Tanlac as a "Spring tonic."

"This spring," said Mrs. Starr, "I felt that I needed a tonic, for my appetite had lost its usual keenness, indigestion was giving me a great deal of trouble, and if I ventured out on a shopping trip, or at any other exertion, I soon found myself fagged out. I could rest but little day or night for nervousness and pains."

"Well, Tanlac got me to eating again, built me up ten pounds in weight and now I feel so healthy and happy I go about my work singing. I will always have a warm corner in my heart for Tanlac."

NEW COUNTY BOOSTER CLUB A PROBABILITY

Greater Morgan County Club May Be Result of Community Co-Operation Campaign--Well-Attended Meeting Is Held Last Night at Lynville Church.

A "Greater Morgan County" club may be organized as the result of the Community co-operation week. The plan was suggested last night at Lynville, following an enthusiastic meeting of citizens, which was addressed by Fred High. The gathering was held at the Lynville Christian church, and a good audience greeted the speaker and entertainers from this city.

Students from the Illinois Woman's college furnished readings and music, which was greatly appreciated by the audience. Miss Mary Frances Brown gave a reading. Miss Cotner gave two selections on the violin, accompanied by Miss Marie Luke as pianist. Mass singing was led by H. A. Littler, with Willard Wesner as accompanist.

After the meeting, the citizens gathered about Fred High and the Jacksonville party to discuss some of the things which had been brought out in the address. The matter of a Greater Morgan County club was suggested. Such an organization would have county officers and officers in each community. It would consist of business men and farmers in the various communities and would hold quarterly meetings, where county problems of business and other matters would be discussed. Good speakers would be secured, and leaders in business in the communities would exchange ideas as to methods and progress.

Such a club would function as a booster organization for Morgan county. It would be similar to the Greater Terre Haute club, formed some years ago to boost the Wabash Valley Empire, or the counties in Indiana and Illinois lying in the Wabash valley.

FIFTY YEARS AGO

A young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce, who finally made up his mind to place some of his medicines before the public, and moving to Buffalo, N. Y., put up what he called his "Favorite Prescription," and placed it with the druggists in every state.

Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womanhood. After suffering pain, feeling nervous, dizzy, weak and dragged-down by weakness of her sex--a woman is quickly restored to health by its use. Thousands of women testify that Dr. Pierce's Favorite Prescription has entirely eradicated their distressing ailments.

More recently that wonderful discovery of Dr. Pierce's, called An-uric (for kidneys and backache), has been successfully used by many thousands who write Dr. Pierce of the benefits received--that their backache, rheumatism, and other symptoms of uric acid deposits in joints of muscles have been completely conquered by its use.

Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. of any of his remedies, or write for free medical advice. (adv.)

GILBERT PHARMACY REOPENS SATURDAY

A New and Finer Store Erected on Site of Recent Disastrous Fire--Public Cordially Invited.

Gilbert's Pharmacy will be reopened to the public on Saturday May 19. The occasion will be marked by a formal opening to which the public of Jacksonville and surrounding territory is cordially invited. Each lady caller Saturday will receive a souvenir, and it is hinted that the men also will be remembered.

It will be recalled that the Gilbert Pharmacy, together with several other business houses located on the south side of the square were totally destroyed by fire on the night of December 25 last.

Within the brief space of about four months the building occupied by M. F. Gilbert at the corner of the square and South Main street has been restored, and the room which will be reopened Saturday will present a finer appearance than ever in its history. Several alterations in its interior have made it more attractive and convenient, a beautiful tile floor has been laid, many new and unique fixtures installed, and much more space left in front for the convenience of callers. This space is equipped with chairs and settees which the public is invited to make free use of. A public telephone booth will soon be installed. The entire scheme of decorations is artistic and in keeping with the business to be transacted.

The stock of goods in the store is an Irish new--drugs, stationery, candies, kodaks and supplies, cigars, perfumes and toilet articles, a full line of proprietary medicines, including the favorably known R. xall line.

Mr. Gilbert has been engaged in the drug business for many years, purchasing the stock of the south side location about three years previous to the disastrous fire.

She Feels So Good Since She Began Taking Dr. Carey's Marshroot Prescription for Kidney and Bladder

Read this extract from a very remarkable letter: "My mother suffered so much from kidney trouble, her body being so swollen she could hardly breathe. Her legs and feet were as large as three legs and they were so hot and burned to she kept them all summer in a pan of water. We read in a newspaper how good Dr. Carey's Marshroot Prescription was and got her a bottle. She soon began to get better and went down to her own size. Her legs went down too. She feels so good when she takes it. Her skin was so yellow but since she has taken Marshroot she is so white and looks so much better. We are all taken up with Marshroot for it has saved our mother's life. For her doctor said nothing could be done for her. She was 62 years old and was so filled up with water." (Mrs. S. C. (Name and address on request.)

Countless pages might be written regarding the wonderful merits of this remarkable prescription to which thousands--who are now living and enjoying perfect health which they owe to the use of this great remedy--can testify. All good druggists can supply you. (adv.)

DISORDERS ARE REPORTED IN CHINA

WASHINGTON, May 16.—Advices from the Peking legation to the state department today reported a series of disorders in various sections of China and declared there was no indication of progress in the negotiations between the brigands and the Chinese authorities over the release of American and other foreign citizens held in Shantung. The department late today made this statement:

"Early in the morning of May 13 a band of men attempted to rob a bank in Tongshan. Since it was feared that an attempt might be made to loot railway property, the company of American troops who were stationed there prepared for action. Fortunately the necessity for the aid did not arise."

"On the night of May 13th a small village near Peltsho was held up by bandits who looted the salt revenue office and several shops."

"The diplomatic corps in Peking on the morning of May 16 declared that because of the unsatisfactory nature of reports from Linching the dean of the diplomatic corps should ask the Chinese government the reason for the failure of the negotiations. The dean should also ask for exact information as to what the Chinese government has done and is doing. The Chinese government should also again be reminded that the indemnities would increase progressively as each day elapsed."

HIGH SCHOOL STARS WAIT GUN'S CRACK

URBANA, Ill. — One of the fastest fields in the long annals of the state interscholastic track meet will toe the mark next Saturday forenoon.

First of all a comfortable bevy of stars who flashed to fame in last year's meet are entered. Then there are many new men to contest with them for the honors of the state classic.

Joe Dienzo, the sturdy sprinter of Toluca, and John Cameron of Evanston, right now loom as two of the certain individual stars of the competition. Last year the Italian star won the 50 and 100 yard dashes in class B while Cameron was victor in the 100 and 200 yard dashes in class A. Both sprinters have been showing class this season and it is too bad that they do not meet.

Bert Dancy of Forrest is another class B performer who is likely to repeat his work of last year which was featured by his victory in the low hurdles. Dancy won 20 points in the Millikin meet. Since no contestant may compete in more than two events in the state meet, there is no opportunity to win more than ten points.

Murrel of Springfield who won the discus in 1922, and Reeves of Evanston, who took one of the two mile runs in class A, will try to repeat. Goodwillie of university high, second in the furlong and Schraub of Peoria manual, second in the quarter last year, are likely to show well.

Wortman of Shelbyville had the distinction of establishing a new record in the mile which he ran in 4:27 last year. They say he is running well this season. Another mile is Neville of Pinck-

neville, who placed second in the event last year. Chiles of Deland is a half miler with the prestige of a first place in 1922 and Poland of Olney was the best javelin thrower in class B, while Andrews of Mulberry Grove claimed the broad jump. These athletes naturally are favored to distinguish themselves again.

ROODHOUSE NATIONALS TO MEET MURRAYVILLE
Roodhouse, May 16.—The Nationals will meet the Murrayville team at Legion park next Sunday at 3 p. m.

The home diamond gamblers have won two consecutive games for the season starter. Carrollton was the first to go down before Wright and his crew and the Internationals of Jerseyville, were taken into camp last Sunday, in a hard fought 2-0 battle.

The Legion team is putting up a real baseball game and no one should be disappointed or led to believe the brand of ball is in any way different from the preceding season. The score book shows two games of exceptional merit with very few errors and some sensational exhibitions.

BROOKLYN DEFEATED CUBS AGAIN 8 TO 4

Make Enough Runs off of Dumovich in First Inning to Win—Neis Leads Brooklyn Attack at Bat.

BROOKLYN, May 16.—Brooklyn made it three out of four with Chicago today, winning by 8 to 2. The Dodgers bunched two doubles with a batter hit, a pass, a wild pitch and a sacrifice fly off Dumovich in the first inning, driving the Cub pitcher out of the box. Two more singles off Osborne in the same inning netted the Dodgers four runs all told.

Neis led the assault on two Chicago pitchers with a homer, a double, and a single, scoring three runs.

Lasting Satisfaction in the Hupmobile

Satisfaction is perhaps the one word which best describes the feeling of every Hupmobile owner.

Satisfaction — with the faithful way it performs the tasks he sets for it to do; with the fact that it requires next to nothing in the way of expert care and adjustment; with low costs that stay low all the year 'round.

Satisfaction, in short, because the Hupmobile always does the things he wants it to do in the way he wants it to do them.

TRADING IN BUTTER QUIET WEDNESDAY

CHICAGO, May 16.—Trading
was quiet and the butter market
held steady. Stocks showed accumu-
lation and it was easier to buy than
yesterday. While an average of
sales would show little change in
prices, concessions took the place
of the premiums of yesterday. The
supply of cars of centralized was
light but buyers were harder to
find and most dealers were anx-
ious to clean up. Still, prices on
these were pretty well maintained.

Market Report

By The
Associated
Press

PLANTED CORN IS ROTTING IN GROUND

CHICAGO, May 16.—Complaint
that planted corn is rotting in the
ground because of continuous cold
weather had much to do today
with a general advance in grain
values. Wheat closed firm at 1 1/2
to 2 1/2c net higher, July \$1.17 1/2
to \$1.17 1/2 and Sept. \$1.15 1/2 to
\$1.17 1/2. Corn finished strong 1 1/2
to 2 1/2c up; oats 1 1/2c up and
provisions at a rise varying from
10c to 25c.

At first the wheat market had
a downward tendency on account
of a prevalent opinion that gener-
al rains in the winter crop terri-
tory had furnished ample mois-
ture for some time to come. Word
that spring wheat seeding had
about all been completed was ac-
cepted as bearing in effect. How-
ever numerous unfavorable crop
reports were received from the
winter wheat belt, Kansas points
in particular telling of damage
from recent frozes and there
were forecasts of a cold wave east
of the Mississippi. Assertions that
spring wheat acreage had been
sharply reduced as compared with
last year counted further toward
bringing about a decided change
of sentiment.

Notable buying in the corn
market, wheat buying took on lib-
eral proportions and brought
about ascending prices during the
last half of the day, especially as
high premiums were said to have
been bid for Gulf wheat, first half
of June shipment. Some notice
was taken too, of 17,623,000 bush-
els decrease for the week
world's available supply of wheat.
Corn throughout the day showed
independence of wheat. Re-
ports of seed rotting in the
ground were emphasized by knowl-
edge of seriously delayed field
work and by meagerness of re-
ceipts. Besides, North American
stocks of corn were figured as 19,
500,000 bushels less than last
year and Argentine crop estimates
were for a yield 27,000,000 bush-
els less than in 1922. Oats re-
flected the corn advance.

Provisions were higher with

CASH WHEAT WAS QUIET YESTERDAY

CHICAGO, May 16.—Cash grain
gossip: Cash wheat was quiet and
nominally 1 1/2c better today but
with no actual sales reported up

A New Kind
of Comfort

Your feet were made to be comfortable—to carry you through long, busy days without fatigue or pain. They are constructed like wonderful cantilever springs and should be allowed to flex and exercise with every step you take.

Consideration for the shape and action of the foot is shown in the Cantilever Flexible Arch Shoe. Natural lines give the toes room as well as comfort. Low or medium heels allow your body to assume a healthful posture. The flexible shank curves up to give the arch of your foot gentle support while permitting it to function normally.

Cantilevers are made of splendid materials on trim lines. Their neatly rounded toes and low, medium or Cuban heels are in accord with the dictates of fashion.

It's a healthful habit to wear Cantilevers.

WABASH EMPLOYEES TO MEET IN DECATUR

Long Time Employees of Road to Attend Meeting in Decatur Today—Local men to be Among Those in Attendance.

A gathering of long time Wabash employees will be held in Decatur today and it is expected that nearly 500 will gather at Fairview park. Thomas Brennan of this city, who entered the employ of the Wabash in December, 1893, and Thomas Wagner, now retired, and who was with the Wabash for fifty years, will be among those in attendance.

The Jacksonville men received letters from L. W. Karnes, division superintendent, telling of the gathering and requesting their attendance. Dinner will be served at the park followed by an automobile trip thru the city. A baseball game will be played in the afternoon and in the evening an entertainment will be given at the Pines community center. At this time one of the new type of engines which the Wabash has will be shown. A number of the general officers of the system are planning to attend.

The meeting promises to be of great interest to all employees of the road, whether of the present day or of earlier years.

BOAT PASSENGERS WERE IN DANGER

T. M. Tomlinson on Board When Lake Steamer Jammed Into Ferry Boat

A dispatch to the Tribune yesterday from Milwaukee told how the lives of 75 people were endangered in a collision between a steamer and a car ferry of the Perre Marquette line. The accident occurred at 2 a. m. Tuesday in a fog about 25 miles from Milwaukee.

T. M. Tomlinson was one of the passengers on the steamer and said yesterday that it was an accident which would disturb any one's equanimity. The passengers were routed out about 2 o'clock, ordered to put on their life preservers and the life boats were manned.

Mr. Tomlinson, who had been at Pentwater, Mich., on some business with reference to his cottage, had gone to Ludington, to address a company of business men Monday night. He left Ludington on the 10 p. m. boat, in company with Carl L. Ashbacher and F. O. Widmark, well known Ludington business men.

They retired shortly after the boat left Ludington and were asleep when their steamer came into violent collision with the ferry.

The steamer was stove in from the bow to the pilot house. The passengers were transferred first to the ferry and later to another boat. It was a very unpleasant experience for the passengers and they were more disturbed because the pilot of the boat left the wheel and it was necessary to man it with one of the passengers.

MASS MEETING PAID HONOR TO FR. FORMAZ

PARISH MEMBERS AND OTHER CITIZENS JOINED IN PROGRAM

Purse of \$19,000 Given as Free Will Offering to Pastor of Church of Our Savior—Program at Opera House Wednesday Night Closed Notable Jubilee Events of Two Days

The two day celebration of the seventieth anniversary of the Church of Our Savior and special exercises in honor of Rev. Dean F. F. Formaz came to a close with a public gathering held at the Grand Opera House Wednesday night. The auditorium was entirely filled with members of the parish and other citizens of Jacksonville.

John W. Clary, chairman of the jubilee committee, introduced Mayor E. E. Crabtree to preside during the evening. Mayor Crabtree spoke briefly and others who had part in the program were State Auditor Andrew Russell, Judge H. P. Samuel, Dr. J. R. Harker and J. J. Kelly of Jacksonville, with Mr. Frank Cunningham of St. Louis.

After a review of the jubilee program and some history of the church had been given by Mr. Kelly, on behalf of the church and community, he presented Father Formaz with a book showing a free will offering of \$19,000.

Father Formaz spoke feelingly in accepting this token of esteem and friendship. Interest in the program was increased by the duet numbers of Mr. and Mrs. Terrence Brennan and the solos by Mr. Brennan. The accompanist was Miss Margaret Ring.

Early in the order of events Mayor Crabtree read telegrams of appreciation from Senator Medill McCormick and Senator W. B. McKinley, together with letters from Governor Len Small, former Congressman Rainey and Judges Owen P. Thompson.

Fr. Formaz Appreciation
After the presentation by Mr. Kelly and continued cheering by the students and alumni of Routt college and of the audience generally, Father Formaz expressed his appreciation in the following language:

"Seldom indeed, my dear friends has it been the fate of any man to be the victim of such a spontaneous outburst of enthusiastic good will as has fallen to my lot tonight. Wondrous as is this splendid exhibition of good will, it is made doubly so by the consciousness that, as I look down into the face of this magnificent audience, I am looking upon my friends in the truest sense of the word. I have always believed that friction and enmity were the result of misunderstanding. Citizens of Jacksonville, there has been no misunderstanding between us.

You have known me and I have known you. Jew and Gentile, Protestant and Catholic, we have sat together and counseled together in the full realization that we all worked for the betterment of our fellow man and for the greater good and greater glory of this noble city. The duty of civic pride and civic honesty knows no limits of time or place or creed or color, and I am proud to hold as one of my cherished memories, that in my twenty years of service I have been associated with men like yourselves, of high ideals who have rendered incalculable service to Jacksonville and its citizens. God grant that the broad and fair minded spirit of true fraternity which finds so splendid an exemplification tonight may ever be with us as brothers united in a common cause, that we may labor unceasingly for the upbuilding of even a greater and nobler Jacksonville.

"It is my pleasant duty to express my deep appreciation of those who have worked zealously for the success of this jubilee; citizens, one and all, have illustrated in this preparation, the power of united fraternal effort; need not mention my deep obligation to the faithful members of my own flock. Their unselfish devotion and loyalty have been my joy and my crown. My gratitude goes out to the various members of the Civic Body who honor us with their presence tonight. May God bless and prosper each and every one and have us forever in His keeping."

The Glory of Service
Mayor Crabtree in accepting the position of chairman said he counted it indeed an honor to speak on behalf of the city on this occasion and to congratulate the church upon its 70 years of service to mankind. He said if the walls of the church could speak that they would relate the facts about the lives of the many men and women who have been trained there into righteous living.

The sacrifices of the earlier members of the church, he said, were responsible for the fine leadership of later years. Then he spoke of the admiration that the people should feel for those men who choose instead of business success or personal glory the service that comes thru pastorate. The mayor said that if he were choosing a text that he could find none more appropriate for the occasion than "I am among you as he that serves." After all, that only counts.

It was unnecessary for Mr. Andrew Russell to leave before the close of the program in order to catch a train. He spoke briefly, mentioning how great a pleasure it was to him to have even a small part in the recognition of the good work of the Church of Our Savior and of the faithful service of Father Formaz in the college,

in the church and in the community. He voiced his admiration for Father Formaz, whose unselfish devotion to duty has had much to do with his parish.

The Debt to the Pioneers
Judge H. P. Samuel speaking in behalf of the people of Morgan county referred to a motto which is found upon the wall in the hall of a great university, speaking in prophetic vein of the development that would come in the Mississippi valley. The words of prophecy were fulfilled, he said, and the valley has been transformed, the forests felled and homes have taken the place of the wilderness.

He said that in the accomplishments of today the dreams of the pioneers have indeed been realized, and we of the present have need for gratitude to the forefathers who with their rude tools laid the foundation for present progress and accomplishment.

The speaker said that in following out these ideals there came men of the type of Father Formaz, the devout man whom this gathering honored—Father Formaz, theologian, scientist, educator, priest and builder.

"His life and work have inspired thousands to more upright living and his influence thru the schools has been incalculable. So I believe that I am not presumptuous when I say that I speak for the people of Jacksonville and the county in saying that you are doing a great work and that your memory will remain long after your life work has been closed. May God bless you and keep you and continue you in your noble field of endeavor."

A Pastor's Influence
Frank Cunningham, a well known St. Louis attorney, was the next speaker and voiced his appreciation of an invitation to come from Missouri and have part in the jubilee program. He referred to the known facts about the good pastorate of Fr. Formaz and the work of the parish.

He said that he wondered if those who do not worship in the Catholic church have a real understanding of the reverence in which the people of that church hold the priests, those servants of God who are with the people of the church in childhood, youth, old age and up to the very hour of death.

Mr. Cunningham was with the 35th Division of the American troops as a representative of the Knights of Columbus and made a number of interesting references to his experiences overseas. He said that events of recent years had emphasized what it means to be an American citizen.

Speaking of the trend of the times he said that people are so occupied with the affairs of today that industrial and commercial disputes are fostered and there is an unfortunate disregard for law. These things must be corrected, he said, if the world is to move on as it should.

Addressing himself to the Routt college students the speaker urged them to lead God-fearing lives and told them that if in hours of stress they would always act as if the eye of Father Formaz was upon them that there would be no doubt as to their right living.

Dr. Harker's Greetings
Dr. J. R. Harker was the next speaker and said that he had been invited to extend greetings on behalf of the educators of the county. Dr. Harker has been engaged in educational work for nearly fifty years in this county and so felt that it was not inappropriate for him to extend hearty and enthusiastic greetings to Fr. Formaz, a fellow educator.

Making reference to a published tribute to Father Formaz under the caption "F. F. F." the speaker said he had no doubt that those initials stand for a "Fine, Friendly Fellow."

In the matter of advancement he said that more progress had been made by the schools and churches than along any other lines, and said further that it was a great pleasure to note the development that had come thru the years in the equipment of the Catholic people.

Dr. Harker then made reference to a sentiment spoken many years ago by Bayard Taylor, "Contentment is the beginning of decline," and said that this sentiment is true of every individual and every organization. Then he said that comparing the present with seventy years ago there comes the proof that only the churches and the schools abide, and he said the same thing would be true of the next seventy years. "I have watched the work that have been doing, Father Formaz, and I have enjoyed my friendship with you. The church has doubled in strength during the past twenty years and I hope that it will continue to grow and that you will continue to move forward."

A Parish Review
The chairman then introduced L. J. Kelly, secretary of the jubilee committee, who reviewed the work of the committee, the facts in the history of the parish, closing with the significant words, "We salute you, priest of the little children, silent man of service."

A more detailed report of Mr. Kelly's remarks will be given in a later issue.

Mayor Crabtree, before bringing the program to a close, made reference to the banquet of Tuesday night, the splendidly served by the ladies aid society, and said that the entire jubilee exercises would go down in his memory among the notable events of Jacksonville.

Mr. and Mrs. Elmer Strawn were shoppers from Alexander Wednesday.

KIWANIS TO AID IN FIRST MEMORIAL DAY

Atlanta, Ga., Will Have Decoration Ceremonies on May 30, During Session of International Kiwanis Convention—Local Men to Attend Big Meeting.

Delegates from the local Kiwanis club to the International club convention in Atlanta, Ga., will be W. A. Berryman and Francis Rantz. Other Kiwanians who expect to make the trip are Lloyd S. Reid, Dr. A. B. Applebee and G. B. Andre.

Atlanta, Ga., May 17. — The first official celebration of National Decoration Day ever held in a large way in Atlanta will be that on May 30 of this year, when visiting Kiwanians, attending the seventh international convention of Kiwanis, will join various patriotic bodies of Atlanta and the south in an imposing ceremony at Piedmont park.

The southern states have just observed their own Memorial Day dedicated to the soldiers who fought for the "Lost Cause," but Southern Kiwanians, and virtually every civic organization have joined enthusiastically in the opportunity to pay a tribute to the memory of the men who wore the blue, and to the heroes of the world war. Representatives of every state in the union will share in the exercises, and the Kiwanians from Canada will bring wreaths to adorn the monuments to American soldiers.

The Kiwanis International convention, it is now assumed, will be the largest ever held by the organization. More than 3,000 registrations having been recorded a month in advance of the opening date, May 28. Twelve special trains, including one from the Pacific coast and another from Canada, are scheduled to bear delegates and visitors. Virtually all of the thousands Kiwanis clubs will be represented.

STATE MOVIE PEOPLE AT SCHOOL FOR DEAF

Take Interesting Pictures at Two Institutions — Senior Class Girls Give Rhythmic Interpretation of Song—Improvements Give Speed in Filming.

The state party of producers for the film, "The Organized Good Samaritan" were working yesterday at the Illinois school for deaf. They have spent several days at the school for the blind, where they filmed some most interesting scenes and activities. On account of the clouded skies, the outside work at the school for the deaf could not be done yesterday, but later the producers will film a football game, and drills of the boys and girl scout organizations.

Several indoor scenes were taken yesterday under the bright lights. The first picture was a set in which eight small children marched, after they had felt the vibrations of the cadence of the tune by playing their fingers on the piano. They also walked in the same manner. Miss Sandberg was at the piano.

In the next picture the Misses Velma Skedsmo, Louise Schilling and Marie Parks, three beautiful young ladies of the senior class of the school, gave a rhythmic interpretation of "Nearer My God to Thee." Other activities of the school will also be filmed.

Improvements in the movie camera enable the operator to take much better pictures indoors than formerly. Much faster lenses are used permitting the taking of sixteen pictures on every foot of film and passing the film over the exposure at the rate of one foot per second. Super speed films enable the producers to take pictures four times as fast as by the old method.

The lights used in inside work are very powerful, averaging about 60,000 candle power each. The cost of operating one or more of these lights soon makes itself noticeable in the expense account.
